## ABOUT ME

As an Information Technology graduate, I have a strong foundation in the basic fundamentals of C, Java, Python, and web development, such as HTML, CSS, and JavaScript. I also have a basic understanding in system administration, such as how to handle servers, install and configure software and hardware, and troubleshoot server issues. I am eager to learn more about programming and gain valuable experience in the IT industry.

## EDUCATION

### Bachelor of Science in Information Technology

Bohol Island State University- Balilihan Campus  
2019-2023 Magsija, Balilihan, Bohol

### ICT - Computer System Servicing (CSS)

Bohol Island State University- Balilihan Campus  
2017-2019 Magsija, Balilihan, Bohol

## WORK EXPERIENCE

### System Administration(Intern)

Zionlab IT Consultancy  
March 13 - May 13, 2023 Guiwanon, Baclayon, Bohol

During my internship, I've been tasked in maintaining the hosting server to the different website, portfolio sites and installing some computer hardware parts and troubleshooting.

### System Administration(Work Immersion)

Computer Republic Gadgets Supplies and Services  
February, 2019 CPG North Ave., Tagbilaran City, Bohol

During my SHS Working Immersion, I've been tasked in different areas like installing computer hardware parts, building pc components and troubleshooting. There are sometimes that I've been assigned in the front desk and managing the inventory.
